***A little attitude is all you need to get big results.***

**Featuring the Marine Grade Sludge Sucker® Hand Pump.**

Wastecorp's manual honey wagon's are heavy duty grade marine and recreational sanitation equipment designed for high demand applications. Our cart style systems are available in 50 and 100 gallon sizes. The manual pump system includes the Sludge Sucker hand pump and a 25 ft. crush-proof hose and attachments. From the heavy duty hose stand and frame to the premium polyethylene tank, Wastecorp's honey wagons are the new standard for sanitation systems for marinas and campgrounds. For assistance in selecting the correct honey wagon for your facility contact Wastecorp today.

*The Sludge Sucker hand pump is designed with corrosion proof marine grade aluminum. Bronze models are also available*
